

Dosis® pillbox reminds you 1 - 4 times daily when to take your medications.

Clock-unit with a pillbox

The clock-unit is attached to a pillbox.

Flexible compartments

in the container can be adjusted for the quantities of tablets. Four spacious compartments make it easy to put in and take out the pills.

A clock with 4 alarms

reminds you to take your medication up to four times a day. Simple press of a button deactivates alarm when you have taken your pills. The pillbox is small (4 x 10 cm) and discreet with adjustable compartments.

Large-digit LCD display

shows the time and indicates number of dosage times selected per day. If a dosage is missed, the display shows one or more crossed number and "MISSED PILL" twinkle to remind the patient and/or caregiver.

Beeping Alarm

Voice Alarm

Visual Alarm

Separate buttons

for setting hour - minute - alarms. The alarms can all be set at one time and the settings can be locked.
